Summer School Letter

February 25, 2016

Dear Parent:

Olmsted Falls High School is once again offering a Summer Enrichment Program for health and physical education. Classes begin on Monday, June 6, 2016 and end on Friday, June 24, 2016. The final exam date for all classes is Friday, June 24, 2016. Both classes fulfill graduation requirements.

Physical education will meet from 7:30 a.m. – 11:00 a.m. and the health class will meet from 11:30 p.m. – 3:00 p.m. Please be advised that students in the physical education class will be involved in rigorous activities; therefore, health concerns should be evaluated prior to registration. Both classes include an independent study component which will be completed outside of the classroom.

Credit will be issued upon successful fulfillment of class requirements. There will be no excused absences, and students must attend classes and complete the independent study component to receive credit. Family vacations are not considered an excused absence. In the event of illness (with a doctor's excuse) or an unforeseen emergency (funeral), please contact the high school administration and provide the appropriate documentation.

*****PLEASE NOTE*****

Students who complete two full seasons in interscholastic athletics, band (including drill team), or cheerleading during their high school career are exempt from completing the physical education requirement. Students who choose to fulfill their physical education requirement by participating in interscholastic athletics, marching band, or cheerleading should not participate in summer school physical education; however, the summer school health course will continue to be an option.

Registration will begin Tuesday, March 29, 2016. Please be prompt with your reply as classes fill up quickly. Tuition for each class is \$150.00. Enrollment forms will be available at both the high school main office and middle school guidance office beginning March 29, 2016. Completed enrollment forms must include a check payable to Olmsted Falls High School for the full tuition amount. The enrollment form and the check must be returned to the high school main office by May 13, 2016. All enrollment requests are considered on a first-come basis. Please be advised that the administration will limit and balance class sizes as needed to meet curricular needs and safety.

Summer School rules and the Student Code of Conduct will be enforced. If you have any questions concerning the Olmsted Falls Summer Enrichment Program, please contact Mr. Sean Baker at 440-427-6105.
